A personalized
**LEARNING
JOURNEY**
moving everyone
on the road
to success

Implement n2y Programs With Fidelity

Introducing **n2y Professional Development**, a personalized learning journey that ensures everyone is moving on the road to success. This comprehensive, end-to-end solution offers classroom readiness from foundation, to advanced exploration, to certification. Our best-in-class programs are accompanied by comprehensive professional development services to help with implementation. Regardless of your role, administrators, speech-language pathologists, educators, and paraprofessionals will receive not only excellent instructional materials, but also quality best practices on topics ranging from accessibility, technology, IEP and data-driven decisions.

At n2y, we know that you need the right start to feel confident teaching with a new program. And we know that schools and districts are expecting their new program to make a measurable impact on student and teacher achievement. For this reason, we listened to your needs and offer teachers and instructional leaders a new comprehensive online, personalized learning journey they can access anytime to deepen their mastery and refine their teaching practices.

From FOUNDATION to CERTIFICATION

Our courses to improve teacher and student outcomes include:

- Support for getting started with initial **Foundations** implementation for everyone—administrators, speech-language pathologists, teachers, and paraprofessionals
- Personalized learning through all of our self-paced online courses
- Best Practices for all n2y products
- Integrated learning management system (LMS) to assess your understanding of the content
- Certifications that demonstrate your dedication and credibility, enhance your professional reputation, and provide recognition for your knowledge and expertise
- Follow-up recertification courses designed to help deepen and maintain program mastery for all of the courses

Foundations Course

Our commitment to your success goes beyond creating high-quality, accessible instruction and tools to support your implementation. Getting started is very important, and we believe in providing a complimentary orientation with your purchase that’s here for you 24/7. Whether your journey begins now, or for every new teacher or paraprofessional change, we are here to support you.

Syllabus

Overview of Unique Learning System

Discover all of the resources available with your subscription.

Setting Up Student Accounts

Create student accounts and assign personalized learning preferences for each student.

Creating A Student Learning Profile

Complete individual student profiles to define differentiated levels of support and record present levels of performance.

Understanding GPS

Discover all of the assessments and resources contained within the GPS. Learn about the different types of data to document student success.

Measuring and Monitoring With Checkpoints

Utilize the monthly pre- and post-Checkpoint Assessments to identify instructional goals, measure progress of targeted skills, and gather data that will better inform daily instruction.

Using Benchmarks for IEP Compliance

Administer common assessments to measure and monitor academic skills in the areas of reading, writing, math and emerging skills. Use the data collected to support programming decisions, as well as the reporting of IEP goals and objectives.

Tracking Transition Skills and Independence

Monitor a student's level of independence on key transition readiness skills with the Core Rubrics as they progress through your district.

Creating a Collaborative Transition Plan

Facilitate development of transition planning by encouraging students to identify preferences using the Transition Planning tool.

Tracking Skills Made Easy

Target specific skills for individual or group tracking. Gain access to data, assessments, lessons and resources specific to identified skills.

Engaging Students With Daily Lessons

Engage all students with dynamic monthly content. Use lesson plans to guide differentiated instruction and document alignment with your state's extended standards.

Enriching Monthly Lessons With Monthly Tools

Enhance instruction and extend learning with Unique Learning System's monthly tools.

Building Independence With Core Materials and Transition Passport

Incorporate transition skills and core functional routines into daily instruction using the Transition Passport and Core Materials. Also, gather data to assist with developing transition plans.

Discovering Supports and Alignments

Support implementation with the instructional tools, instructional guides and extras. Review Unique Learning System's comprehensive alignment to your state's extended standards.

Enriching Literacy with the Library

Encourage self-selected reading and support inclusion using the n2y library.

Advanced Course

We believe, as you do, that lifelong learning and continual growth are essential for teachers to deepen their knowledge of the program with best practices that advance student outcomes. At the end of the on-site or online course and final exam, you will be an n2y Certified Educator. Please note that the webinar series does not provide a certification.

Train the Trainer Course

Do you like helping other teachers? It's time to expand your skills and become an n2y Certified District Trainer.

We believe the role of an n2y Certified District Trainer is to maximize teachers' talent, energy and content knowledge. A PD Specialist will help with planning and delivery of n2y programs and ensure teachers are engaged in the district where you are employed.

In this course, we teach you how to train teachers in the full utilization of the program in order to meet the individual needs of all students and improve outcomes.

Learn how to:

- Personalize support to help teachers implement and monitor instructional lessons and assessments
- Build skills to increase teacher and student outcomes

On-site

LENGTH	2 days
REQUIREMENTS	<ul style="list-style-type: none">● Must be Advanced certified● End-of-course exam required for certification● Must recertify annually to maintain status● You may only provide training in the district that you are employed and may not charge for your services in any district.
PRICE	\$7,680 per PD Specialist—20 attendees max

Annual Recertification Course

You have worked hard for your certification. To ensure program fidelity and to continue your professional growth, we recommend a recertification each year for the highest completed course. Learn about new features, enhancements and additional best practices.

Online

AVAILABILITY	Unique Learning System <i>Essentials Course Recertifications are offered online only</i>
LENGTH	1 hour
REQUIREMENTS	Annual recertification requirement to retain status
PRICE	<i>Available Summer 2018</i>

GO BEYOND TRAINING Take Your Skills to the Next Level

Build on the foundation of what you need to be successful in the classroom and protect the fidelity of instructional and professional standards.

Our experts, whether in person or through our cloud-based courses, help districts and classrooms worldwide initiate and sustain the fidelity of your implementation. Take advantage of the full potential and empower your educators to build their expertise with your standards, curriculum, best-in-class teaching practices and technology.

Are you ready to move ONWARD to SUCCESS?

EVERYONE Can Learn

Unique Learning System is a standards-based program specifically designed for students with special needs to access the general education curriculum.

News-2-You is a weekly, online newspaper with included activities that connects students with the world through news and current events topics.

SymbolStix PRIME delivers a dynamic and personally relevant symbol set and materials creation platform for communication and learning.

L³ Skills promotes age-appropriate games that allow individuals with special needs to master important educational concepts and lifelong learning skills.

n2y Professional Development provides courses for implementation and mastery of n2y products, as well as certification for educators who use our solutions in their classrooms.
