

Whitelist Us!

We don't want your organization to miss a beat when it comes to accessing the educational materials in their classroom. Make sure your administration and IT department have a copy of this form to prevent any technical hiccups from happening with the web-based subscription.

#1 – Website

Ensure that network settings and certificates list **n2y** as trusted in firewall and proxy setup settings:

- n2y.com
- auth0.com

#2 – Email

n2y will send out account renewal reminders and monthly newsletters which contain valuable information about updates to the site, upcoming features and tips for using the subscription.

- Domain = @n2y.com

#3 – Video Resources

n2y provides video tutorials at no extra cost to subscribers to aid in the training of the online curriculum and newspaper materials. Additionally, outside resources may be referenced to extend learning on the instructional topics.

- Training Videos = vimeo.com
- Additional Resources – youtube.com

#4 – System Requirements

A current version of an Internet browser is required for accessing the web-based subscription and interacting with the technology used to support and engage students with disabilities.

Internet Explorer	9 or above
Mozilla Firefox	18 or above (26 on Windows XP)
Safari (iOS)	5.0 or above
Google Chrome	24 or above

For more details on the system requirements to use n2y.com, visit this webpage:
